- 2 BEDROOM

This inner city lot was once the site of a non-descript flat-roofed modern house that grew out of the foundations of two post war homes. These two neo-Victorian infill homes better reflect the present character of this quiet, tree-lined neighbourhood. Extensive efforts were made to ensure that the driveway wound its way around a mature city tree.

AREA 2, 500 sf each
BUDGET Withheld
STATUS Completed in 2009
